

Annual Model Competition 2025

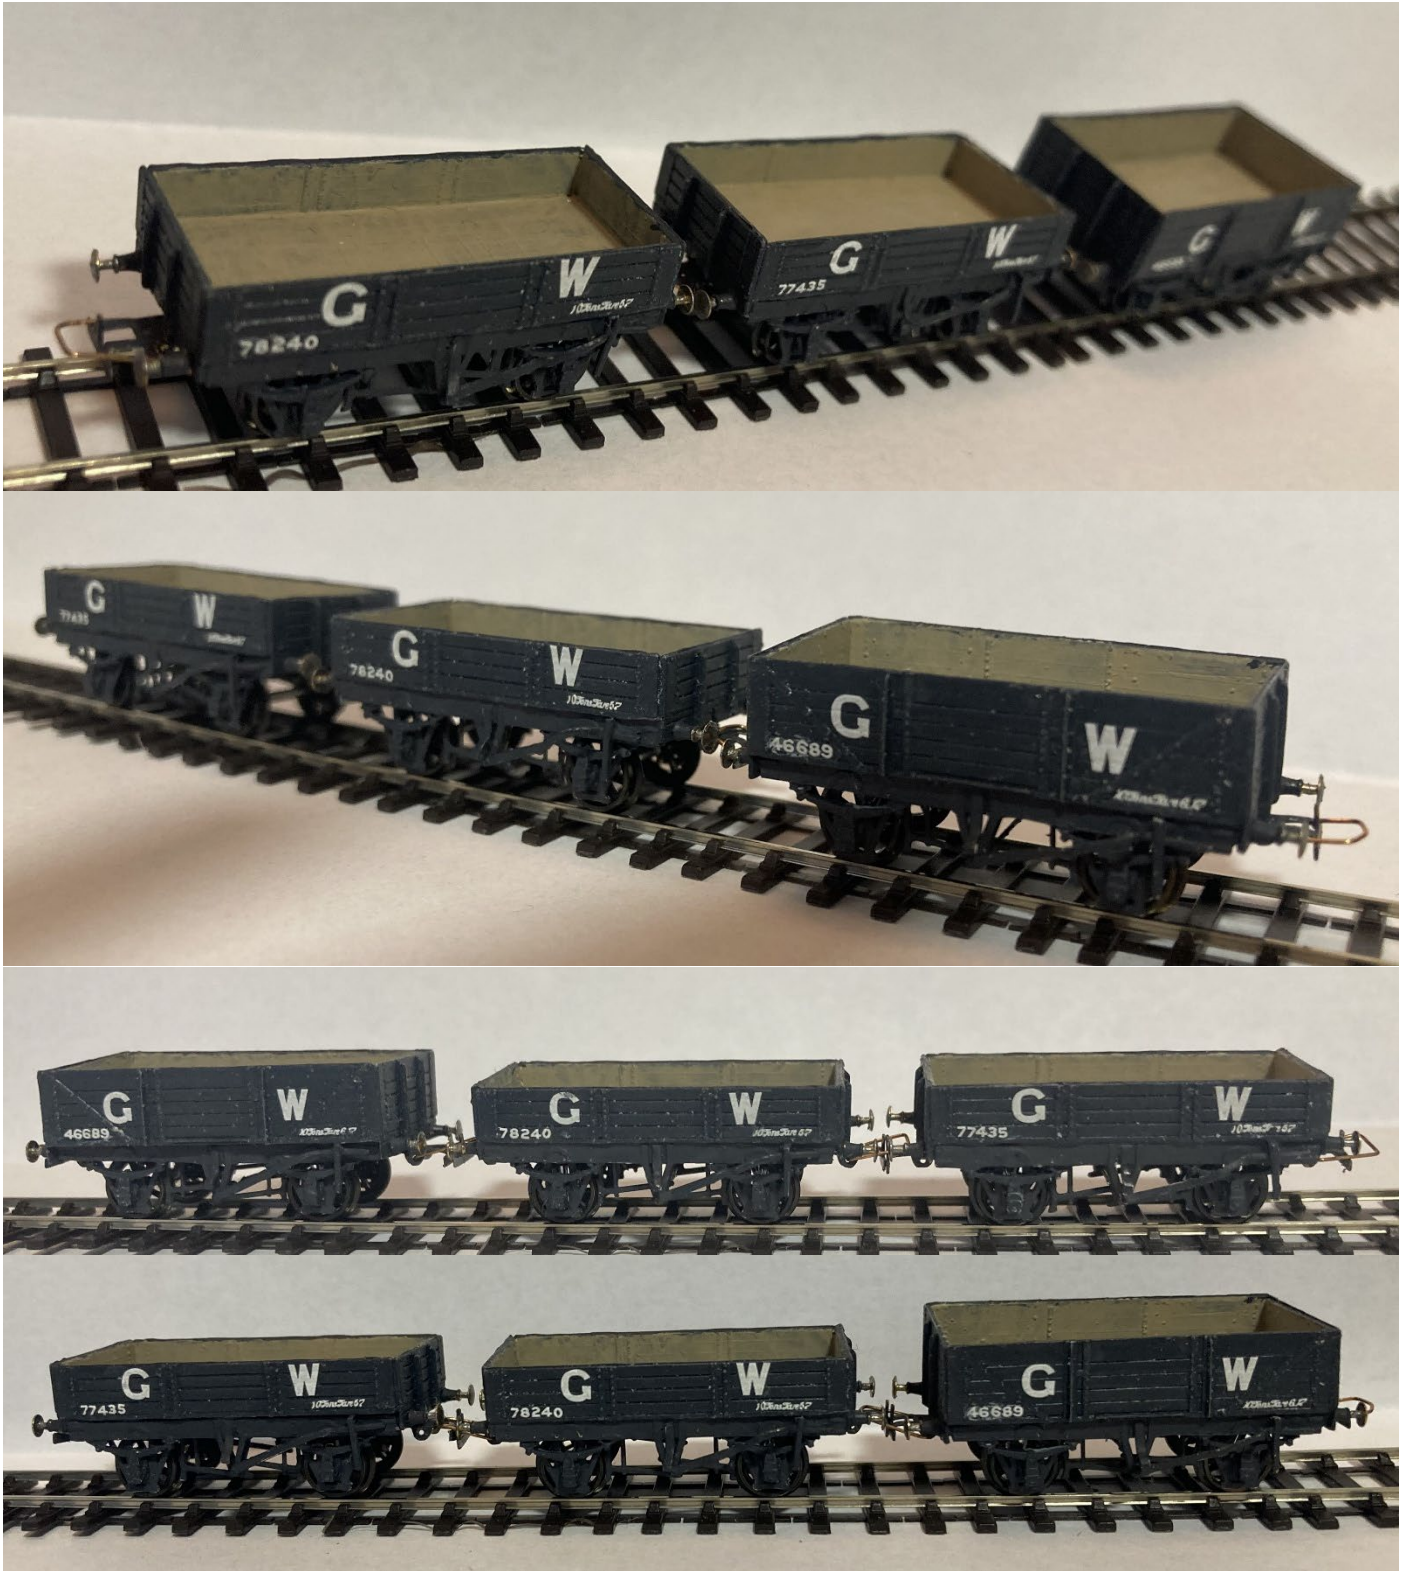

Freight Stock

The following pages show the entries in the Freight stock category of the 2025 model competition. Voting takes place online, and all members will be emailed voting instructions and a unique voting ID.

To make your choice, look through the pages, and select your choice of best entry, note its number (eg. W3) and select that choice on the online voting form.

Photograph copyright is held by the individual entrants to the competition.

W1 – 3 GWR open wagons built from Association kits, representing as they might of appeared in the 1930s after leaving the wagon works.

W2 – Four LNWR wagons. 3D printed bodies from Shapeways and at home. Decals from a local supplier and also done at home – the ‘whiter’ ones were professionally printed. All running on Association chassis with a variety of brake options as per prototype pictures from the LNWR Societies Wagon Book Volume 1.

W3 – Three Midland Railway vans. All Chris Higgs etches from the Association Shops. Decals are all drawn using Adobe Illustrator and printed at home.

W4 – Three BR 16t steel mineral wagons. 2mm SA kits on 2mm SA chassis. They have three link couplings joining them from the Matherson Model's option. Transfers by Modelmaster. Lightly weathered using weathering powders. These are the first three models in the scale attempted.
